RELUX®

Registrations are done via sending by email this form to: relux@lighting3.gr

Training is provided by LiGHTiNG 3, the sole authorized Greek distributor of Relux Informatik AG (Switzerland) products, services and training.

Custom made seminars for companies and group of designers/engineers can be arranged on demand. It is also possible to arrange visits on your own premises. Please contact us for details and pricing.

The training will be held in English or Greek.

Please complete the form below in order to register your interest in any course, location and date by the last registration date.

A minimum of 10 delegates are required for each seminar, if this is not achieved by the last booking date, the seminar may be cancelled. After the last registration date, you will receive a notice by email. Venue details and any preferential hotel booking arrangements will be notified after the last registration date.

Delegates must each bring a laptop computer with the latest version of Relux software installed and functioning. It is the responsibility of each delegate to ensure that they have any necessary license codes to be able to use the software

Cost: Fee per delegate per seminar topic: €200.00

Location	Training dates	Registration until	Relux Access	Relux Interior I	Relux Road & Exterior
